

OFFICE CAT

By Junius

WASHINGTON, D. C., Feb. 20.—(By Junius.)

One of the most interesting features of the new office cat is its ability to sit on the edge of a desk and look over the top of the typewriter.

It is a very peculiar habit, but it is one that has been observed by many of the office cats who have been introduced into the new office buildings.

FOUNDERS DAY CELEBRATED BY STONE RIDGE P. T. A.

The Stone Ridge P. T. A. held their monthly meeting Friday, February 17. It being the anniversary of Founder's Day, a memorial tribute to the founders of the National Congress of Parents and Teachers was read. Miss Hagelweide, Ulster county nurse, was the speaker. Her talk was very interesting and instructive telling all about the work. She gave the inspiration that cooperation is the big thing in helping each other. In closing the meeting the candle ceremony was used in honor of Alice McLellan Birney and Phoebe Apperson Hearst. Cake and tea were served and a social time enjoyed.

ZENA

Zena, Feb. 20.—Mrs. Ralph Morris and baby son have been visitors at the home of Mr. and Mrs. John Carnright.

Mrs. Edward Hunz, although very ill, is steadily gaining. John Long of Kingston called on his brother George last Monday. George Long has not been so well for many weeks.

Mr. and Mrs. Ernest Baldinger moved into the Klematis Homestead last Thursday.

All are glad to hear that Mrs. Clifford Carnright, who has been sick with ptomaine poisoning is now recovering under the care of Dr. Downer.

Mrs. Vera Howard of Mt. Vernon is visiting with her parents, Mr. and Mrs. Charles Krause.

"The Bootleggers' Bride" will be at the Zena Country Club on Friday evening, February 24, at 8:30 o'clock and all who come to see her will find her a most charming person. There will be Tap, the cobbler, Nip and Tuck, Mrs. Murphy and Mrs. Smith, a Chinese fiddler, Rudolph, the big handsome fellow, and a little newspaper boy. All these folks will be at the club house and are prepared to give everyone a good laugh. After the show there will be dancing to the music of Pete Bolce and the club orchestra. Tickets will be sold at the door. Refreshments will be on sale in the kitchen.

Last Friday evening there was progressive pinocle and extra tables had to be prepared for the many folks to play. Charles Krause received first gentlemen's prize, Edna Holmzer, ladies, and Howard Harcourt the consolation prize. Following the games refreshments were served by the committee and all had a very pleasant evening.

The Ladies' League held their regular monthly meeting at the church hall, Mrs. Carnright, the vice-president, presiding. After the meeting the ladies were busy piecing and joining blocks. Mrs. William Klematis acted as hostess and served a delicious luncheon. Ten ladies were present.

James Williamson and guest motored up on Thursday from New Jersey, visiting at the home of Mr. and Mrs. Harcourt.

Mrs. Harcourt went to Kingston Wednesday afternoon to visit her aunt, Mrs. Kate Snyder, who is very ill at the Benedictine Hospital.

Mothers, Do This—

When the children cough, rub Musterole on their throats and chests. No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt relief. As first aid, Musterole is excellent. Keep a jar ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frost-bitten feet and colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

WHY THIS FOUR IS TRUTHFULLY CALLED AMERICA'S Finest

No car in the price class of Dodge Brothers Four is so ROOMY. No car in this price class is so SWIFT. No car in this price class is so STURDY. No car in this price class is so SMART.

No car in this price class accelerates from 0 to 25 miles in 7 SECONDS.

No car in this price class is so COMFORTABLE—for none has so long a springbase.

These are FACTS—readily verified—and they explain the immense popularity of Dodge Brothers Four.

No car at near its price offers so many advantages that Americans value foremost.

And no car at ANY price affords its owner, in greater measure, the satisfaction of knowing that for every dollar invested he has received a full dollar's return in honest value.

Paul Whiteman Likes the Toasted Flavor of Luckies—His Favorite Brand

"It was but recently, when I started to act as master of ceremonies with my band at the Paramount Theatre, that I realized how vital perfect voice condition was to a performer. I have always been a consistent smoker and fortunately, Lucky Strikes were my favorite brand. I like their toasted flavor and, best of all, I can smoke as often as I like, without fear of irritating my voice, which is becoming a great asset in my work."

Paul Whiteman

Prominent Tobacco Buyer says:

"The Cream of the Tobacco Crop" goes into Lucky Strikes

"Discriminating smokers know the excellence of Lucky Strike Cigarettes by their distinctive taste, flavor and lack of bad after-effects. We buyers know why Lucky Strikes possess these superlative qualities; because we buy the 'Cream of the Crop' for their manufacture."

Flashes of Life Sketched in Brief

(By The Associated Press.)

Northampton, Mass.—The popularity of the derby hat is regarded by William Allen Neilson, president of Northampton College, whose students are wearing them as an indication that we are returning to Victorian formalism. The hat turned the corner and are now moving with our backs on the new day, he says.

New York—The slogan of theatrical producers has changed from "put it on" to "take it down," says James J. Wallace, assistant district attorney.

Pa.—Gordon H. Ciller, Philadelphia managing editor, is the latest holder of a perfect piano. At a bridge party he had all the aces, kings and queens, and one jack, and he was the host too. The hopeful bid was just one no trump.

St. Paul—Frank Kartheiser of Chicago rolled 300 at a bowling tournament. That was all he could roll.

Milwaukee—If any one is ambitious to beat it, the latest non-stop walking record is 122.2 miles in 25 1/2 hours, made by Oscar Stenberg, 19, of Tomahawk, Wis.

Bellair, Fla.—A lot of birdies should now be expected from a

beautiful and clever birdwoman. Glenna Collett recently took a flight over the links at Pinehurst and succeeded in breaking some record or other on the links there. Now she has flown higher for golf, with Ruth Elder's Captain Haldeman as pilot.

Berlin—Another princess is contemplating a flight across the Atlantic—no less than Herr William Hohenzollern's sister, the Princess Victoria. She and her young husband, Alexander Subkow. The date and destination are secrets.

New York—Miss Margaret Bartlett is planning to mail herself from Hadley Field, N. J., to San Francisco via air. She hopes to fly from coast to coast in 33 hours with a stop at Reno to see her father, Superior Judge George A. Bartlett.

New York—Latest quotations on Lindbergh's autographed photographs are \$110 and \$160. They were sold here for charity in France. The price has gone down quite a bit. The first sold in France for \$50,000 francs.

West, Orange, N. J.—While Thomas A. Edison is vacationing in Florida, his right hand man in his laboratories is William H. Meadowcroft, 75, who 47 years ago abandoned a career in the law to work for the wizard. He sends a letter to Edison daily except Sunday, when he sings in the church choir at Boonton.

New York—Harry Payne Whitney, Clarence H. Mackay and General Cornelius Vanderbilt are the leading New York clubmen. Each belongs to 16 clubs, two more than J. P. Morgan.

Berlin—A widow who preferred slavery for herself and four children to marriage with her brother-in-law, is the subject of a petition which the foreign office will give to King Amanullah, of Afghanistan, when he visits Germany. Seven years ago Charlotte Boettcher, German, married a visiting tobacco merchant, Abdullah, and went to Afghanistan with him. At his death she and her children under the law became the property of Abdullah's brother. He offered marriage to free her from slavery. She refused. The government granted her \$30 a month. The law forbids her to take the children from the country. She has remained with them. Her mother is seeking permission for daughter and grand children to come to Germany.

Washington—The arrest of Paul Marve, fugitive postmaster of Arlington, Va., has revealed that his mother, Mrs. Annie C. Marve, U. S. went to work when he was three years ago and repaid \$10,000 which he had taken from post funds.

LEGION TO MARK TOWNS FOR AVIATION.

Buffalo, N. Y., Feb. 20.—The American Legion, through its more than ten thousand posts, will begin at once to identify towns and communities for passing aviators, according to word received here today by William F. Schohl, department commander, from Edward E. Spafford, national commander.

National Commander Spafford, together with National Chaplain Gil Robb Wilson, also today called upon the heads of the aviation departments in Washington and gave promise of hearty cooperation in the task of preventing the large number of accidents which result from aviators getting off their courses due to lack of identification marks. The two Legion leaders called upon Secretary of Commerce Herbert Hoover and later had luncheon with the President. Commander Spafford said that all veterans who are interested in the welfare of the nation in peace were enrolling for service in the American Legion.

Chief Forester Resigns.
Col. William B. Greeley, chief of the Forest Service, will resign May 1, 1928, to accept a position with the West Coast Lumber Manufacturing Association. It was announced today by Secretary of Agriculture Jardine. Maj. R. Y. Stuart, now assistant forester in the Forest Service in charge of public relations, has been appointed to succeed Colonel Greeley.

One-Piece Apron Made From Used Flour Bag

Aprons that combine utility with attractive appearance can be made by the thrifty housewife out of used flour bags in a variety of pleasing styles. Almost any one-piece apron pattern can be cut from a single 96-pound flour sack, which the baker is glad to sell for a few cents. Do not let the large stamping on the front of the bag discourage you. If it is covered with hard or cheap grease or soaked in kerosene over night, it can all be washed out in lukewarm water in the morning.

A simple "tailored" apron is made without any trimming, and has crossed shoulder straps instead of ties or buttons. All the edges and pockets are bound with some brightly colored bias tape. Another style is made by combining the cloth with pieces of gingham, cretonnes or figured prints which you may have on hand. Using

How Empty Flour Sacks Can Be Utilized for Aprons.

How Empty Flour Sacks Can Be Utilized for Aprons.

some such material for a yoke and pockets gives the apron an attractive appearance without any extra work.

Then there are simple embroidery designs that can be worked in outline or running stitch, as shown in the illustration. With these the edges should be buttonholed instead of bound.

Quite a different style of apron is the smock which the housewife has borrowed from the artist because it combines housedress and apron in one and is as practical as it is attractive and youthful in appearance. Three flour bags will usually be needed for making the smock. The collar, cuffs and pockets are usually of chambray or flanne in some contrasting color. There need be no hand work on the smock.

Pieces left over from cutting out the smock can be utilized in a variety of ways, such as for pot cloths, bean bags and stuffed animals for the children, washable school book covers and the like, so that there is no waste at all.

Use Unique Accessories to Give Individuality

It is often the small accessory which makes many costumes supremely chic. Paris is showing with its accustomed charm the many ways in which these details can heighten the effect of a coat or gown design.

Many smart Parisiennes are wearing suits this winter, and instead of the usual fur collars they have separate folded and softly padded pieces of short-haired fur that look something like long, emaciated muffs, which are attached to the left shoulder with long ties of cloth. Or they wear, some of them, flat stoles of fur, which they fasten as an ascot tie is fastened, or tie in a bow under the chin.

Such extra fur pieces are worn usually with the newest coats, which are molded to the figure directly under the arms and flare slightly toward the hemline, like the real redingote. A few women are carrying muffs, which are as new as if they had never been worn in the ancient days around 1800 and which are used to replace fur cuffs. These new muffs are melon-shaped or shirred where the hands enter. They are sometimes worn with coats of short-haired fur, such as shaved lamb or astrakhan, and are made, naturally, of the same fur.

Black Dance Frock Is Prominent in Fashions

Black satin crepe is much used for both evening and afternoon gowns, but velvet and tulle are most fashionable. The black tulle dance frock of many frills is shown by all of the best couturiers. The latest modes avoid monotony and are made exceedingly bouffant. They are seen in a variety of styles with different arrangements of flouncing and varying hemlines. A few of the black tulle frocks have a touch of brilliant color in flowers or sashes of broad velvet ribbon—blue, green, scarlet or orange. Others are thought to be more chic with on-relieved black as a background for jewels. Some black evening gowns are made of black taffeta and ornamented with rhinestones in the form of medallions, with which the bouffant drapery is caught in an arrangement of large loops.

Brightly Flowered or Figured Pajamas for the Youngster as Well as the Adult, and Deeper Flesh, Peach, and Coral Lingerie for the More Conservative

Paris—The pajama has become a very festive thing. It is not only practical, but very pretty. More and more women are becoming addicted to them. The real point, however, is that practically all children are put in pajamas, and what very attractive ones there are, to be sure!

Flowered prints and prints in modernistic design are the most attractive, especially as they are invariably in bright colors, and nearly always have the brightest color of all used for the collar. Women's pajamas may be said to follow the same exotic trail. Paris shops offer them in gay printed cottons as well as in silks and, for lounging purposes, in satins and velvets.

It was the Lido at Venice that first set the stamp of fashionable favor on the pajamas as a lounging garment.

Brides in Ten Cities Tell Housekeeping Plans

NEW YORK, N. Y.—A thousand brides in ten large cities disclosed their household plans in a recent survey.

On one point all these brides agreed. Their homes are to be run with skill, but they will not sacrifice a bit of good looks or charm. For instance, nearly all have decided how they will keep nice hands in spite of housework.

Many had noticed in beauty parlors that pure Lux soaps are used in manicuring, to soften and whiten the fingers. Others had noticed how nice their hands looked after washing fine things with Lux. So, of 1,118 brides, 1,084, or 97%, plan to wash dishes with Lux.

"It's so easy never to let your hands get red and coarse-looking," they said. "Many soaps make the

skin harsh, but pure Lux soaps are so soothing and gentle! And Lux for dishes is inexpensive, too, because the big package of Lux washes 6 weeks' dishes."

Results of Industrial Games

The Apollo team of the Industrial League won today as leaders of the organization by defeating the Silk Mill quintet in the final game of the season, 15-12, at the Y. M. C. A. Saturday night. The Columbia team, 15-12, in the second game of the season.

The Apollo team led the Silk Mill at the end of the first half, 10-12, but the second session saw Merritt and Hahn with 21 and 15 points to their credit for the game, in prime form, and they did much to overcome their opponents in the closing period. Apollo's Hahn did the best scoring for that team by making ten baskets for 14 points.

The Schillings and Columbias were tied 12-12 at the end of their first half. The furniture makers stopped out in front during the final session, which ended 15-12 in their favor. Williams of the Schillings led the scorers with 15 points.

American Teams Finish Second

St. Moritz, Feb. 20 (AP).—The rugged athletes of Norway had successfully defended their Olympic winter sports championship today with the United States finishing second in the international outdoor classic. Sweden was third.

The American contingent swept through to a glorious victory in the bobsleigh finals yesterday. William Fliske landing first place and John Heaton second. The sleds hummed over the ice at a sixty mile an hour clip.

Heaton registered the first time, one minute, 38 7-10 seconds, which is only ten seconds behind the world record held by Martineau of England.

The others in the bobsleigh event finished as follows: Third, Paul Killian of Germany; fourth, Gramajo of Argentina; fifth, Hope, Argentine; sixth, Ernest Lambert, Belgium.

In the figure skating championship for couples, the American team of Beatrix Loughran and Sherwin Badger were placed fourth. The event was won by Mlle. Andre E. Joly and Pierre Brunet, France.

Although finishing sixth among the nations in the meet, Canada had little opposition in scoring a decisive victory over Switzerland by 13 to 0 to become the Olympic hockey champion.

St. Peter's Lost

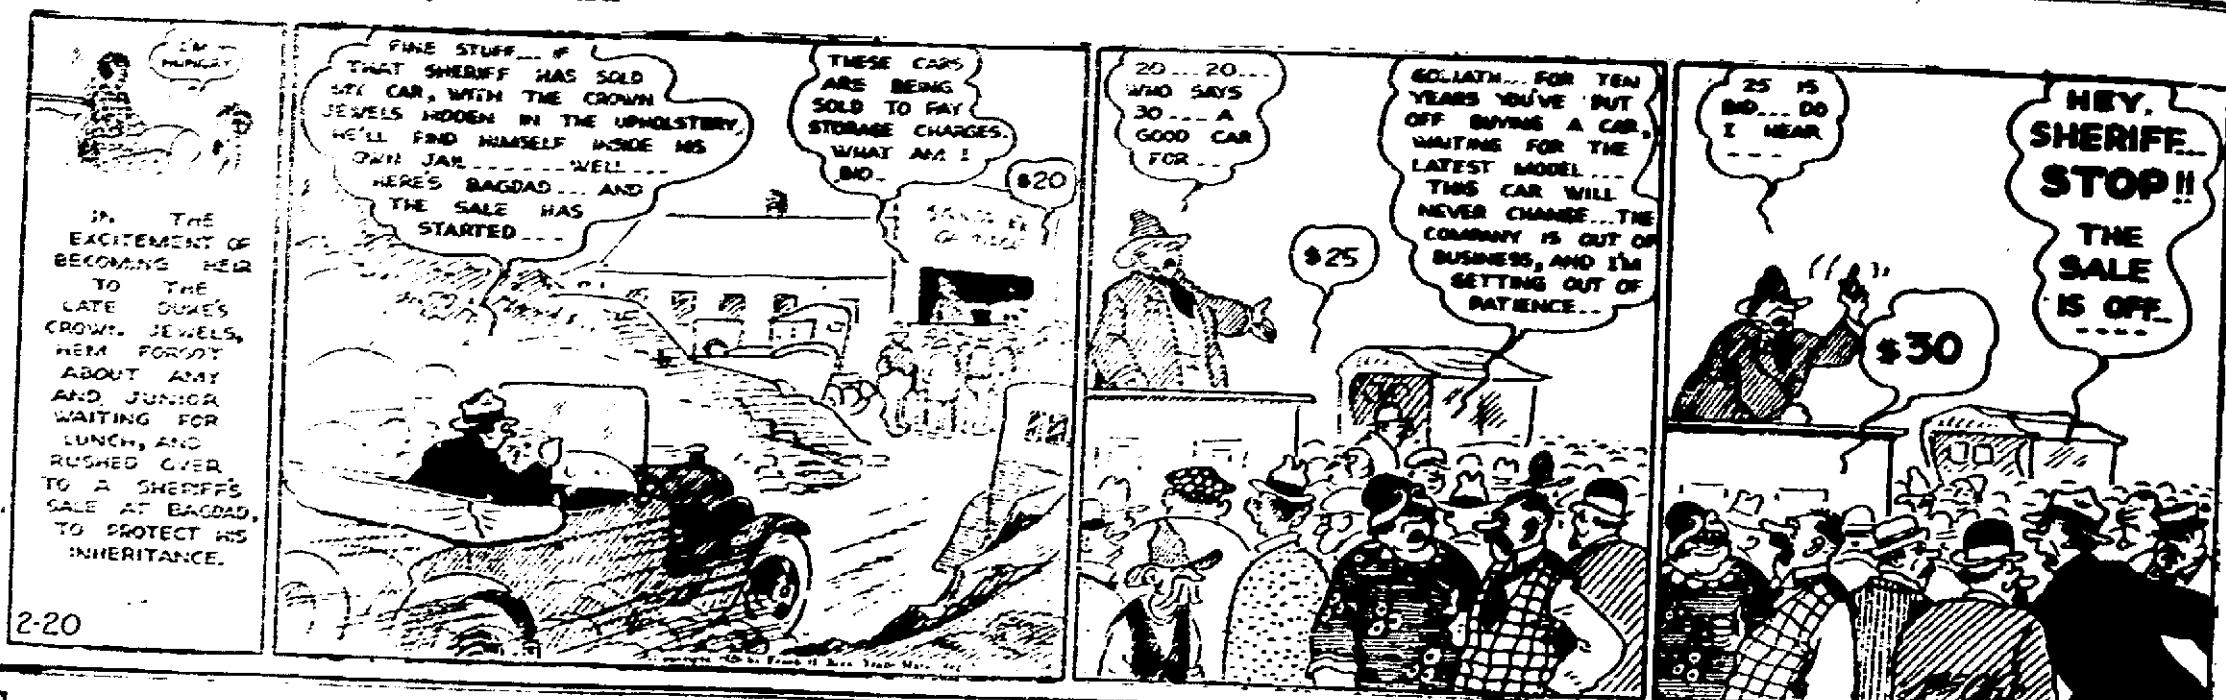

The St. Peter's quintet lost to Rhinebeck Saturday night at that village, 35-20. The Kingston team trailed the opposing quintet throughout the contest. Bill McNally has other plans in view and will no longer manage the St. Peter's aggregation.

Persistent coughs and colds lead to serious trouble. You can stop them now with (Cromulsion), an emulsified crocodile that is pleasant to take. Cromulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, crocodile is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Cromulsion contains, in addition to crocodile, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the crocodile goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Cromulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory distress, and is available for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

CAS BUGGIES—Sacrificing An Old Friend

Stars Compete In Indoor Games

New York, Feb. 20 (AP).—Olympic American and Intercollegiate champions are listed among the stars who will compete in the annual indoor games of the New York Athletic Club in Madison Square Garden tonight.

Roland Locke, Nebraska sprinter, and Lloyd Hahn of the Boston A. A. Phil Edwards of New York University and Sabin Carr of Yale are numbered in the big track array, and Carr, world's pole vault record holder, in the field events.

Hahn competes in the Hahn mile against Jimmy Connolly of the New York A. C. Sidney Robinson, former Mississippi A. and M. College star, William Sullivan, ex-Georgetown miler, and J. J. Elliott of the University of North Carolina.

Edwards, who set a new Metropolitan record in the Crescent A. C. games in Brooklyn Saturday night, by running 1,000 yards in 2:15 1-5, is the favorite in the half mile over George Leness of the New York A. C. Joseph Daley of Boston College and William Warden.

In his initial appearance in New York, Locke, who holds the world's record for 229 yards, will race in a sixty yard dash against a field of America's crack sprinters including Karl Wildermuth, Jackson Scholz, Frank Hussey, Al Miller, Henry Russell and James Daley.

Carr Is Year's Star on Track and Field

Pole vault supremacy, held by the sensational Norwegian, Charley Hoff, for nearly five years, returned to the United States in 1927 on the winged flights of Sabin W. Carr of Yale. Carr set a new indoor world record of 13 feet 9 1/2 inches in February and then eclipsed all marks by soaring 14 feet in the intercollegiate championship in May.

His feats were easily the high spot of a track and field season that saw some sterling sprint performances by the Southern California flyer, Charley Borah, and Chet Bowman; a record-smashing 440-yard hurdle performance by Johnny Gibson and a series of brilliant indoor races by Lloyd Hahn.

Hahn, representing the Boston A. A., was undefeated on the boards, breaking three records and coming within one-fifth second of the mile record when he beat Edwin Wide, the Swedish schoolmaster, in 4:12 1-5 at Madison Square garden.

Giving the Pacific Coast colleges their sixth victory in seven years, Stanford's athletes won the I. C. A. A. A. championships, displacing Southern California. The Illinois A. C. won the National A. A. A. U. championships at Lincoln, Neb.

Traded for Hornsby

The photo shows Catcher Frank Hohn of the Boston Braves, who with Outfielder Jim Welsh, has been traded to the New York Giants in a deal for Rogers Hornsby, leading second baseman of the National league.

The report of the deal came unexpectedly and created much of a sensation since it was only last winter that McGraw swapped Frank Frisch for the former Cardinal star.

Pursuant to an order of Hon. George F. Kaufman, Surrogate of the County of Ulster, notice is hereby given according to law to all persons having claims against Mary Jane Edelman, late of the City of Kingston, in said County, created to present same with the vouchers thereon to the undersigned Executor of the last Will and Testament of the said deceased, at the office of his attorney, Frank W. Brooks, No. 41 Main Street, in the City of Kingston, said County, on or before the 12th day of June, 1928.

Dated this 26th day of November, 1927.

McGraw Defends Latest Trades

New York, Feb. 20 (AP).—With the arrival of Manager John McGraw at the Giants' camp at Hot Springs, Ark., advisers drifted back here today that he has defended the trades that sent Rogers Hornsby to the Braves and Burleigh Grimes to the Pirates.

McGraw declared the youngsters gave out at the time of the trade and which was signed by Mr. Stoneham and myself, ended the matter," McGraw said. "Any further discussion might lead to misunderstandings."

As to the swap which brought Vic Aldridge from Pittsburgh in exchange for Grimes, McGraw pointed out that he wanted a hurler to win games in April and May. Grimes did not get started until late last season, McGraw explained.

Travis Jackson is expected at the training quarters shortly. McGraw said Jackson could have the captaincy if he so desired, filling the position created by the transfer of Hornsby.

YOUNG JUDEANS AND HEBREW-AMERICANS WON.

The Young Judeans won their second tilt from the Clinton Avenue M. E. Seniors, 27-27, at Epworth Hall Saturday night. The winners took an early lead and at the end of the first session were in front 17-10.

Alcon of the Young Judeans did the best scoring of the game, with 15 points to his credit. Boice of the Clinton Seniors caged the sphere for eight markers.

In a preliminary contest the Hebrew-Americans defeated the Clinton Avenue M. E. Juniors, 18-11. Levine of the winning team did the major scoring with eight points as his total. Scrieber of the Clinton Avenue quintet dropped the ball through the hoops for six points.

The Hebrew-Americans challenge the St. Mary's Parochial School team. They would also like to look games with First Dutch Church Junior team and quintets in the Church League.

No Gallantry to Men

Attention is frequently called to the fact that women have accomplished almost none of the really great things. Is this due to the habit of forever praising women? There have been millions of really great men. These have had their share of human weaknesses, but they have accomplished great practical results. Is this due to our habit of pointing out men's faults frankly? In all history gallantry was never shown a man.—W. W. Howe's Monthly.

Ace Hudkins of Omaha, Neb., put it all over Sammy Baker in their twelve-round go at Madison Square Garden in New York. This makes Ace the leading contender for a match with Joe Dundee.

Some constituencies seem to favor the Knute Rockne system, and send in their second-string statemen first.

CHANDLERS BADLY DEFEATED FLEISCHMANN'S.

The Chandlers registered a 40-23 victory over the Fleischmanns quintet at Arkville Saturday night in the final tilt of a three-game series. The Chandlers handed the Fleischmanns team the worst defeat of the season. The mountain quintet started to collect points in easy fashion throughout the opening quarter until the Chandlers stiffened their defense. At the end of the first half the Kingston quintet was in the lead 16-12. Niles of the Chandlers led the scoring field with 19 points to his credit. Joe Koenig did the major scoring for Fleischmanns with eight to his credit.

Wednesday night at the "Y" the Chandlers will meet the Schenectady M. E. team that won the championship in the Sunday School League of that city last season and is now leading the field of teams. There will be no Sunday School League games at the Y. M. C. A. Wednesday, February 22, Washington's Birthday. Next Saturday the Catskill High School varsity will do battle with the Chandlers at the "Y."

Expect Big Crowd At Armory Bouts

The star boxing card of the season promises to be the one at the armory Friday, February 24. The curling raiser will be put on at 8:30 sharp and the sale of tickets indicate that the drilled will be packed for the full program. Those who have not procured tickets are advised by those in charge to do so at once.

The program will be as follows: Main bout, six rounds—Frankie Koenig vs. Larry Estridge, both scrappers are popular with fight fans; six round semi-final—Kid Rash vs. "Red" Edgerton, who have fought here and have a large number of admirers; Stanley Stevens, Newburgh, vs. Dick Bishop, 104th Engineers, New York city, six rounds; French Duel of Kingston, vs. Stanley Bell of Newburgh, six rounds; Joe Ryan, local scrapper, vs. Ruby Jackson, 22d Engineers, four rounds; Johnny Nacarat, Kingston, vs. Johnny Long of the 22d Engineers, four rounds.

FIVE GAMES THIS WEEK IN INTERCOLLEGIATE LEAGUE

New York, Feb. 20 (AP).—Five games appear on the slate of the Eastern Intercollegiate Basketball League this week. Three of the contests are to be played Wednesday.

Dartmouth will entertain the Columbia quintet at Hanover. Cornell moves against Pennsylvania at Philadelphia and Princeton opposes Yale at New Haven.

Saturday night Pennsylvania will be at Dartmouth and Princeton at Cornell.

The protest of Penn over the scoring of the game against Dartmouth last week will be considered at a meeting of representatives of both institutions here on Wednesday. Penn claims Schaaf shot a goal from the foul line that was overlooked by scorers which would have made a count after the regular playing time 30 to 30 instead of 20 to 29 in favor of the Hanoverians. The Quakers want to play the game over.

Income Tax in a Nutshell

Tip For Taxpayers.
No. 7.

The vast majority of taxpayers are married persons and therefore are entitled in addition to the personal exemption and a credit for dependents to a further credit of 25 per cent of the tax on their earned net income. Correctly to compute this credit the taxpayer first must compute the amount of tax which would be payable without the earned income credit. From the amount of the tax 25 per cent is to be deducted, the balance being the amount of tax due.

Earned income is defined as "wages, salaries, professional fees and other amounts received as compensation for personal services actually rendered." However, all net income up to \$5,000, whether actually earned or not, is considered earned income for the purpose of the 25 per cent credit. A taxpayer may have received in 1927 a salary of \$2,400 and from a real estate transaction a net profit of \$2,600. Nevertheless the entire \$5,000 is considered as earned income. The tax payable in such cases is computed as follows:

Net income \$5,000.00
Less personal exemption 1,500.00

Balance taxable at 1 1/2 per cent 3,500.00

1 1/2 per cent of \$3,500 52.50
Less 25 per cent of \$52.50, earned income credit 13.13

Balance of tax payable 39.37
Other examples of how correctly to compute the earned income credit will follow.

Plans Old-Fashioned Stumping Tour

Senator J. A. Reed, Missouri

SENATOR "JIM" doesn't believe in sitting still and letting someone boost him for President.

No, sir! He's right out in the front line stumping his way around the country in the old Reed bandwagon. He will swing through Texas first and do up the southwest on his way to the coast and northwest.

In the words of his friends, "his campaign will be under his hat." He will meet the people, deliver his message, declare himself on the issues and leave the decision to the Democrats of the country.

Longest Bridges

In estimating which is the longest bridge in the world, the length of the main span is usually considered, without the approaches. The Quebec cantilever bridge over the St. Lawrence, 1,800 feet main span, is the longest. The new Delaware river bridge between Philadelphia and Camden, 1,750 foot span, is the longest suspension bridge in the world. If approaches are considered, the Key West extension of the Florida East Coast railroad, a 30-mile viaduct, is perhaps the longest. The Lucin cut-off across the Great Salt Lake is 20 miles long. The Ceruo Voda bridge over the Danube at Constanza is 12 miles long.

**Financial
and Commercial**

New York, Feb. 20 (P).—The stock
market went through a secondary
advance today after an early rally
failed to hold. United States Steel
common and several other leaders
advanced new lows on the current
close on setbacks of 1 to 3 points.
The general movement of the market
was toward 7 points on a renewal
of bear selling and long liquidation.
There was no change in the credit
situation. Call money was in plenty
and supply at the renewal figure of
1 1/2 per cent with funds offered in
the outside market at 1 per cent. The
bank's business was also rather
quiet in character, the only items
of importance being a reduction from
\$10.50 in the quarterly dividend
of United Gas, the publication of
the American Can Company report
showing slightly smaller earnings
per share for 1927 as compared with
1926.

United States Steel common dis-
posed to a new low at 125 1/2, but Gen-
eral Motors was well supported just
above 133, the low price touched last
week. Selling pressure was most ef-
fective against such issues as Ray-
nolds Tobacco B. International Busi-
ness Machines, A. M. Byers, Mont-
gomery Ward, Radio, Colorado Fuel
International Nickel, Gold Dust and
American Agricultural Chemical, all
of which sold down three or more
points below last week's final quo-
tations.

and was a life member. One brother,
Funeral will be private.

**Reception to
New Citizens**

The reception to naturalized citi-
zens, tendered by the American
Legion, at the Kingston High School
Auditorium, Wednesday evening,
February 22, promises to be a very
impressive ceremony. A very appro-
priate program will be given and the
new citizens will hear interesting ad-
dresses by speakers highly interested
in their progress.

The naturalized citizens will meet
at the American Legion Memorial
Building on West O'Reilly street at
7:30 o'clock Wednesday evening.
A line of march will be formed and
the citizens will march to the high
school headed by the American
Legion Drum Corps. Seats will be
reserved for them in the high school
auditorium where they will be able
to hear everything said by the speak-
ers and see the program very clearly.

Among the speakers will be Harry
H. Fleming, president of the board
of education. Owing to the fact that
Mr. Fleming is interested in edu-
cation he will be able to tell the new
Americans of the advancement which
this country has made. The speaker
will address the assembly on the
kind of conduct on previous occasions and
always had something educational to
impart to his audience.

Every resident of Kingston and
vicinity is invited to the reception
for naturalized citizens. The pro-
gram will hold as much for those
born in the United States as those
who come from foreign shores.

PORT EWEN

A business meeting of the Epworth
League Society will be held Thursday
evening in the Methodist church
house. At the close of the business
meeting a social hour will be spent.

dale will be the hostesses for the eve-
ning.

Lucratic Rebekah Lodge will meet
Thursday evening at 8 o'clock, Febru-
ary 23, in their rooms in Odd Fel-
lows Hall at Ulster Park.

A meeting of the directors of the
River View Cemetery organization
was held Friday evening at the office
of the secretary, H. E. McKenzie.
Plans for the year were discussed.
The Christian Endeavor Society
will hold a Washington Birthday
social Tuesday evening, February 21,
at 8 o'clock in the lecture room of
the Reformed church. A pot luck
supper will be served and a fine eve-
ning is in store for all who come.
Endeavorers are urged to bring a
friend.

The fourth quarterly conference of
the Methodist church will be held
Thursday evening, March 1. The
district superintendent, George Smith,
of Kingston, will have charge of the
prayer service and the conference
will follow.

and Miss Hannah Cecelia Barnes of
165 Foxhall avenue were married on
February 15 by the Rev. Joseph B.
Scully of St. Mary's church. They
were attended by Henry J. Schroeder
and Dora Barnes.

The Coterie.
On Saturday afternoon The Coterie
was entertained by Mrs. Kingman.
Two papers full of interest were
listened to with close attention. Miss
Hauer had the first on "Gustavus
Adolphus" while the second on "Queen
Christiana" was by Mrs. Watts.
Considerable time was devoted to a
discussion of subjects of study for
1928-29, and the matter will be
further considered at the next meet-
ing, which will be held on March 2nd
with Mrs. Thompson.

Howard-Carroll.
Mary A. Carroll, formerly of this
city, daughter of the late Thomas
Carroll, was married to Robert J.
Howard of New York and Kingston,
a well-known attorney-at-law, on
Sunday, February 19, at 2 p. m., in
New York. The ceremony was per-
formed by the Rev. Father Kirwan
at the church of the Holy Name,
Broadway and Ninety-sixth street.
Kathleen Carroll of this city, a sister
of the bride, and Frank Howard,
brother of the groom, were the at-
tendants. Mr. and Mrs. Howard will
make their home in New York city.

Cunningham Wedding Anniversary.
Ellenville, Feb. 20.—One of the
most elaborate events of the season
was the party given by Judge and
Mrs. W. D. Cunningham at their
home Saturday evening in celebra-
tion of their 23rd wedding anniver-
sary. Over 100 guests were present,
many of whom came from out of
town for the affair. There was
dancing, music for which was fur-
nished by an orchestra, as well as
several tables of bridge. Of those
who played bridge, prizes were won
by Dr. Jack Blumberg, Dr. J. C.
Coles, Miss Mae Van Deusen, and
Miss Ruth Carman. Former resi-

Speed and Safety Not Inconsistent

Speed Under Certain Conditions May
Increase Safety, But Speed in Gen-
eration With Other Factors Makes
Accidents, Says Auto Manufacturer
Here.

The time has come to stop the
discussion of speed in the way of
increasing safety. The time has
come to stop the discussion of
speed in the way of increasing
safety.

Automobile manufacturers have
been discussing the problem of
speed and safety. When we look
back over the years, we find with
amusement the movement that pre-
ceded the first motor cars in 1895
when they were first introduced to
the world of 25 miles an hour. At
that time, even the most advanced
doubts were even raised that human
beings could travel at speeds of more
than 20 or 30 miles an hour and live.

In the field of individual trans-
portation the motor car has played
an important part in breaking down
the barriers of time and distance.
It has been the most important factor
of a fixed character in the way of
development of speed in motor car
transportation as it would have been
to put speed limits on American rail-
ways in the early years of their de-
velopment.

It is time to look at the problem
of highway safety from a new point
of view. One of the first steps is to
get over the idea that speed in itself
is a dangerous thing. Traffic and
safety experts—men who have
studied the question—know that
speed in itself is not the source of
danger. It is popularly credited with
being.

Most Consider Other Factors.
"It is not speed alone, but speed
in combination with other factors
that makes accidents. Fifty miles
an hour on the open road in the
country may be safer than 25 miles
an hour in crowded city traffic.

"Any well constructed car of the
present year is much safer at 50
miles an hour under the proper con-
ditions than cars of a similar class
were 15 years ago at 20 miles an
hour. One stretch of road may be
safely covered at 60 miles an hour—
another may be unsafe at 30.

"No one can deny that there is real
danger in speed plus unfavorable
conditions for speed on the highway,
but speed in itself does not neces-
sarily create hazards. High speed at
intersections, in turning corners,
passing pedestrians or passing other
traffic in the face of oncoming traffic
from the other direction is a real
menace.

Enforce Laws Against Recklessness.
"Legislation and enforcement
should concern itself not so much
with speed as with those acts of a
driver which, combined with speed,
result in accidents. Let us stop ar-
resting the same motorist who is do-
ing a sensible 45 miles an hour on a
fast road in the open country, and
concentrate on drivers like the short
corner-cutter in town who may be
doing only 15.

"Michigan has led the way in this
attitude by abolishing a fixed speed
limit. Fixed limits do not in them-
selves promote safety; they make
lawbreakers out of motorists and
often permit constables to bring dis-
credit on highway policemen as a
whole by affording opportunities for
petty graft.

"Several eastern states have taken
this up-to-date attitude toward fixed
speed limits, and make their high-
ways safer by enforcing safe driving
rather than concentrating on speed-
ers alone.

"It is time to meet the new con-
ditions of highway safety with a
fresh point of view—and concentrate
on safety rather than on the antiqua-
ted theory that anything over 30
miles an hour is recklessness."
